

Cryptocurrency Trader (M/W)

Your mission:

- Provide 2-3 trading signals per day, from your own research, with a success rate of more than 70%.
- Transmit signals to the CoinGate app according to internal guidelines.
- Master at least two trading platforms (Binance, FTX, Bitfinex, Kraken, etc.).
- Be informed of the current economic and social trends.

Your profile:

- You have a thorough understanding of digital asset analysis.
- You master the technical and fundamental indicators.
- You are meticulous and punctual.
- You speak English fluently.

What we offer:

- Work accessible from anywhere in the world (only home office).
- Free organization of the working schedule.
- A dynamic, young and responsive team.
- A very attractive remuneration, in line with your success rate.
